

## TMS021

Functional general purpose basic Batten for TLD fluorescent lamps suitable for surface mounting on wall or ceiling. Option for suitable powder coated reflector.

### Features

- The channel has a single piece construction made of white powder coated white CRCA sheet steel, eliminating spot welds and hence rust free.
- The aesthetically designed Polycarbonate lamp holder brackets are side-in-type for ease of installation and maintenance.
- Choice of powder coated CRCA reflector.
- Option of wide variety of ballast like electromagnetic, high frequent electronic, analog and digital dimmable.

### Application

- Small office
- Public ares
- Residential areas
- Textile mills
- Cove lighting application
